## **Uniboard's Compliance with the Lacey Act**

---

The Lacey Act is a 1900 United States law that bans trafficking in illegal wildlife, fish and plants. In 2008, the Act was amended to include a broader range of plants and plant products such as timber and paper. This landmark legislation is the world's first ban on trade in illegally sourced wood products. The Lacey Act makes it unlawful, as of December 15, 2008, to import, export, transport, sell, receive, acquire, or purchase interstate or via foreign commerce certain plants and plant products without an import declaration.

**In September 2015, a Phase-In Schedule of Enforcement was posted to the Federal Register for the enforcement of import declarations related to the Lacey Act. To date, the declarations DO NOT include particleboard and MDF products.**

This letter certifies that Uniboard products are in compliance with the Lacey Act.

Additional information on the Lacey Act can be found on the following website: <http://www.aphis.usda.gov>
